MUSIC AT PETER SYMONDS

Symonds is the place for Musical Ambition! We are very proud of our students, so many of whom go on to study Music at competitive universities, conservatoires and academies.

Over the last three years these have included the Royal Academy and the Royal College in London, with several scholarships, Oxford, Manchester, Durham and Bristol universities, BIMM and the University of West London for digital music production and jazz saxophone at the Guildhall School of Music and Drama.

The Music Department is one of the busiest in the country, with an incredible range of music activities involving 200 students across the college. A level Music students receive free tuition on their main instrument or voice, and all perform in a variety of bands, orchestras and choirs in a wide range of concerts. Their A level results have been outstanding, achieving high grades (A or B) above the national average. BTECs in Digital Music Production and Popular Music Performance are also offered.

The Music Department is situated in beautiful grounds on the College site in a three-storey Victorian house. Facilities include

practice rooms, a computer room for composition with Sibelius and two recording studios, as well as the Recital Room and more practice rooms in College Centre.

Peter Symonds College has three Steinway Grand Pianos, including the recent addition of a new Steinway B Grand and four uprights to join the Steinway Initiative with a view to become an All-Steinway School in the future.

Students on the Hampshire Specialist Music Course receive free tuition on both first and second study instrument or voice, and participate in a chamber music training programme involving a high level of performance skills. Auditions for entry will take place on 10 and 11 February 2022.

For further information contact the Music Department.
